TO THE DEMOCRATIC CLUBS

And societies of the United States.

The defeat of the Democratic candidate for President imposes on Democrats everywhere the practical duty of organizing their forces. This important work must be undertaken now and continued vigorously until the national government is once more controlled by the spirit and purpose of its founders.

The nation has rendered a decisive verdict on the issues submitted to the people, and the administration of the affairs of the country has been again entrusted to the Republican party. All Democrats loyally accept and support the decision of the majority. The defeated leader of the Democracy has borne himself with dignity, and even those who assisted in his defeat acknowledge his honesty, courage and manly patriotism. He has vindicated the American name by his unflinching sincerity.

There will be time enough in the future to weigh and analyze the course of defeat. The immediate duty of Democrats is to prepare elements of victory by making their clubs and societies permanent organizations. Every club formed during the campaign just ended should be continued and increased.

It is the purpose of the National Democratic Clubs to promote the growth of the broad doctrines of Thomas Jefferson by unceasing efforts. The National organization therefore appeals to Democrats in every state, county and precinct to renew the struggle for good government at once, and see to it that Democratic clubs and societies are maintained permanently in every neighborhood. It is the duty of every good citizen to belong to some political organization so that the collective virtue and intelligence of the nation may be brought to bear in questions of platforms and candidates in an orderly and deliberate manner.

This is the time for Democrats to go to work. Two and a half million citizens are now enrolled

in the membership of the National Association of Democratic Clubs. They should stand together now and in the future. All who believe in Democratic principles, regardless of past political differences, are invited to assist in the great work which lies before the Democracy.

The national headquarters of the clubs will be kept open in New York until a Democratic President is seated in the White House.

W. R. HEARST, President of the National Association of Democratic Clubs.

This paper believes in putting good sober, discreet men in office, men of courage and ability who believe in a business-like improvement of both county and state, as well as the nation. We heartily endorse what Hon. S. J. Shackelford recently said about the coming legislature and its members.

"The next Legislature will be a business body." "It will deal little with politics and much with matters pertaining to the general welfare of the state. It ought to accomplish a good deal in the way of legislation to encourage rather than antagonize legitimate corporate enterprises. It ought to make good and equitable laws for the people of the blue grass and the mountains and the 'peppery' hills. It is the hope of the Democrats that men of the highest business and party standing may be induced to run in every district. This next legislature will not need politicians. It ought to be composed of men of sound business sense and progressive ideas. For years the true functions of the Legislature in Kentucky have been much neglected. Law making for the people of the state has been left undone. Every thing has been subordinated to the exigencies of factional and partisan politics. A good Legislature can in 60 days put Kentucky in shape to catch up with the procession. I believe that the personnel of the next Legislature and the disposition of party leaders, from Governor Beckham down, will tend to the accomplishment of this result."

CALEB Powers has had his apartment in the Jefferson county jail nicely fixed up with rows of shelves. His room is now filled with law books and he is studying both day and night. If Powers ever gets out of prison he says that he shall let politics alone and shall devote himself exclusively to law. Mr. Powers graduated from the law department of Centre College in 1895. His case has been submitted in the Court of Appeals without argument and a decision is expected about Dec. 1st.

MR. KRUGER, the great Boer statesman, was enthusiastically received last week in Paris, the French Capital. Over the entire route from the station to the hotel large crowds greet the aged statesman. When the Boer President entered the clear area in front of the French hotel the demonstration was uproarious and Mr. Kruger finally spoke with tears in his eyes so much was his feelings moved by the great and admiring throng of people.

The population of the United States has been increased by the coming of four hundred thousand foreigners in the last year. One hundred thousand, of whom, were Italians and nearly as many Austro-Hungarians. The German element, that, has come to this country has been very helpful to us. Here is luck to that enterprising one that goes back in next month—Mr. Fritz Krueger. May he bring more just like unto himself.

President Michel of the United Mine Workers, has attempted to force the miners of Hopkins county to recognize the organization, but failed. The men have been ordered to cease work which some have done; although they had no desire to do so. They have no just cause of complaint. There are instances, where organizations are injurious to the citizens and community and this is one time when the men should refuse to do the bidding of their President.

Gov. Roosevelt has heard the charge against Mayor Vanwick of New York, for being a member of the Ice Trust, and dismissed it, which was a vindication of the City's Chief Executive.

The material increase, in the assessment of railroad property, in this county, will swell our county revenue over four hundred dollars next year.

The Danville News is 175 days old and has 1600 subscribers. Good for Brer. Cunningham!

Thanksgiving day has come and gone, and while some dear souls are refreshed from prayer, others are grieved from disipation. Mary left their work and spent the day returning thanks to God, for the blessings of the year. Many have been right along unmindful of the glorious proclamation; while hundreds sought the diversion of hunting, football games, family reunions, and many other sources of pleasure and amusement.

The SIGNAL has many reasons to be thankful. It has malice toward none, but love and charity for all. Our labors have borne fruit beyond expectation. We are proud that we were born and raised in Rockcastle. We are one of you, and here we expect to remain.

The SIGNAL is like the poor which is spoken of in the Bible, you will have it with you always. May the God of host reign and may the people of this dear old county be filled, with noble aims and holy aspirations. May they be moved by sober counsels and moderation of feeling, and controlled by sound sense and right judgement.

MR. C. M. Barnett, chairman of the Republican State Central Committee, has issued a call for the full committee to meet in Louisville on Dec. 4th at 3 o'clock P. M. The most prominent Republicans, of the state, will also be present. It will be decided in this meeting, whether or not, Messrs. Moss, Pugh, Hopkins and Williams, the defeated Republican candidates for congress, will contest.

SOME hired space writer from Louisville for the Cincinnati Enquirer, of last Sunday, nominates every prominent politician in Kentucky for the United States Senate. Don't worry about that boys, for our neighbor and friend, Hon. James B. McCreary, will be Mr. Deboe's successor.

THE crusade against vice in New York city has begun. A committee of five was appointed a short time ago to investigate and eradicate vice. This crusade ought to have been started when the inhabitants of the great metropolis began the building of this powerful city.

ATTY W. C. Owens has appeared before the Court of Appeals in behalf of Jim Howard and asked that Court to compel Clerk Ford, of the Franklin Circuit Court, to furnish copy of record without any compensation, as his client was unable to pay for same.

S. F. ROCK, of the Richmond Register, has been fortunate enough in politics to be nominated for County Surveyor. Luck to you Mr. Editor and surveyor. If Hiram Fish or Sim Davis can't survey the new pike, we will send over into Madison and get Rock.

THE Republican National campaign managers give as a reason for losing the State of Kentucky that the men entrusted with the funds stole the money. Well, if we did, you need not talk so all-fired plain about it, just whisper it to us gently.

Politics and Politicians

The Managers, of the National Republican Committee, say the reason, why they did not carry the state for Bryan and McKinley, was because the money, which was sent to this state, was stolen.

Hon. W. J. Bryan, in writing to a friend at Mexico, Mo. says he still believes in the principles of the Chicago convention.

Complete returns from the Eleventh district, gives Boreing, Republican, for congress 18,125 majority.

Fugitive, Charles Finley, says neither he nor W. S. Taylor will apply for a Federal job.

Mr. Charles L. Searcy was nominated for representative in Madison county.

Hon. M. F. North, of Lincoln county has announced his candidacy for Representative. Mr. North, has represented Lincoln county before, which will naturally give

strong pull. W. G. Price, of Danville, made one of the best speeches of the democratic ticket, which was made in this county during the campaign. He announced his candidacy for attorney general. Boyle comes forward as the leading politician in this county.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: overwork and under-nutrition.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to build up your system with your work. It will live on it—true—but, if you can. There's a hint, however, you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the radiant cure for "can't eat," unless it means of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you. BROT & BOWNE Chemists, 409 Pearl Street, New York. 50c. and \$1.00; all druggists.

Mr. R. S. Martin, in speaking of this county, as being well adapted for the production of tobacco, said:

"There is nothing the farmers of Rockcastle county could raise, that would bring them in as much clear money as tobacco." Says he further:

"During the twenty four years, which I have been buying tobacco, I have never yet been able to buy it for less than 7cts per pound, on an average." Mr. Schaffer, another tobacco man, who has raised one crop in Rockcastle county, and who has been engaged in the raising of tobacco all his life, says:

"The land in this county will average 800 pounds of tobacco to the acre," and with fertilizing it will do better than that. Now take the statements of these two men, one as a buyer and the other as a raiser; calculate for your self, and see if it is not to the farmers interest, to devote a portion of his time and ground to the raising of tobacco.

The will, of the late Judge James G. Carter, was probated in the county court last Monday. The document was written in his own hand, and was readily identified.

He paid a beautiful complement to the Masonic Fraternity, of which he was a valued member, and died in Berea, having gone there in the interest of that body. In his will he found the following language:—

"When I die, my wish is, to be buried by the Free Masons, with their beautiful ceremonies that I have so often as Master participated in; for so many of my departed brothers that have gone before me to the Grand Lodge above. H. desired his wife, Mrs. Mary Carter

to be the administratrix and she was named as such in the will.

A splendid entertainment was given at the College Wednesday night. Dr. Ewers was chairman and proved a good introducer. Risse Williams played a beautiful Medley on the piano, followed by a recitation by Fannie McClure entitled "Nellies Prayer." Margaret McClure and Gladden Ewers played that famous duet "Russian Dance" and Mae Sowder recited "Walkin' the young 'uns' up". Fannie Sparks played "at a cake walk" then came Clyde Cass with "Heavens Gate." Alzie Thompson played "Handy Andy" then came Burdett Houk with a "Mustard Plaster." Victor Tate was sick and the cornet duet which he and Eugene Mullins were on for had to be omitted. McKenzie Brown in a true dialect style spoke "Sunday Fishing" followed by a piano waltz by Margaret McClure. The audience was neither sleepy or satisfied so up went an enthusiastic call for Miss Cox, who responded with two selections on the piano. Ed Short made a polite and efficient usher for the occasions.
